Independent Auditors' Report

Board of Directors

Women's Shelter Program, Inc.
of San Luis Obispo County
San Luis Obispo, California

We have audited the accompanying consolidated statement of financial position of Women's Shelter Program, Inc. of San Luis Obispo County (a nonprofit organization) as of June 30, 2010, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Women's Shelter Program, Inc. of San Luis Obispo County as of June 30, 2010, and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2010, on our consideration of Women's Shelter Program, Inc. of San Luis Obispo County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**Board of Directors
Women's Shelter Program, Inc.

Our audit was performed for the purpose of forming an opinion on the consolidated financial statements of Women's Shelter Program, Inc. of San Luis Obispo County taken as a whole. The accompanying schedules of DOJ and CalEMA grant expenses are presented for purposes of additional analysis as required by grant agreements and are not a required part of the consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

Women's Shelter Program, Inc. of San Luis Obispo County
Notes To Consolidated Financial Statements
June 30, 2010

Note 1: Summary of Significant Accounting Policies

Organization

Women's Shelter Program, Inc. of San Luis Obispo County (the Organization) is a nonprofit organization with the purpose of aiding abused women and their children by providing temporary shelter, counseling, transitional housing and support services. All of the services are provided within San Luis Obispo County, California. In an effort to plan for the future financial needs of Women's Shelter Program, Inc. of San Luis Obispo County, the Women's Shelter Endowment Trust (the Trust) was created to receive and hold assets in perpetuity with the investment income from those assets restricted for support of the Women's Shelter Program.

The accompanying financial statements include the accounts of the Women's Shelter Program, Inc. of San Luis Obispo County and the Women's Shelter Endowment Trust. All significant transactions between the organizations have been eliminated in consolidation.

Income Taxes

The Organization is a nonprofit organization that is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization is also exempt from state income taxes.

Income Taxes Topic of FASB Accounting Standards Codification requires, among other things, the recognition and measurement of tax positions based on a "more likely than not" (likelihood greater than 50%) approach. As of June 30, 2010, the Organization did not maintain any tax positions that did not meet the "more likely than not" threshold. However, tax returns remain subject to examination by the Internal Revenue Service for fiscal years ending on or after June 30, 2006, and by the California Franchise Tax Board for fiscal years ending on or after June 30, 2005. As noted above, the Organization does not currently pay income taxes.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting which requires that revenues be recorded when earned and expenses be recorded when incurred. Grant revenues are recognized when the related grant expenses are incurred in accordance with the grant agreements. Net unreimbursed grant expenses are recorded as grants receivable and net cash advances in excess of grant expenses are recorded as refundable grant advances in the accompanying financial statements.

Financial Statement Presentation

Under Non-for-Profit Entities, Presentation of Financial Statements Subtopic of FASB Accounting Standards Codification, the Organization is required to classify its financial position and activities for accounting and reporting

Women’s Shelter Program, Inc. of San Luis Obispo County

Notes to Consolidated Financial Statements

June 30, 2010

Page 2

Note 1: Summary of Significant Accounting Policies (Continued)

purposes into three classes of net assets according to externally (donor) imposed restrictions: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

In accordance with Non-for-Profit Entities, Revenue Recognition Subtopic of FASB Accounting Standards Codification contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. As the Organization incurs expenses that meet the restricted purposes, net assets are released from restriction. When restrictions are met in the same reporting period as the restricted contributions are received, the amounts are shown as unrestricted. The accumulated net investment income of the Trust is temporarily restricted until disbursed to the Organization to support the Women’s Shelter Program.

Fair Value Measurements

The Organization records its financial assets and liabilities at fair value in accordance with the Fair Value Measurements and Disclosures Topic of FASB Accounting Standards Codification (the “Topic”). This Topic provides a framework for measuring fair value, clarifies the definition of fair value and expands disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also establishes a three-tier hierarchy as follows, which prioritizes the inputs used in the valuation methodologies in measuring fair value.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Women's Shelter Program, Inc. of San Luis Obispo County

Notes to Consolidated Financial Statements

June 30, 2010

Page 3

Note 1: Summary of Significant Accounting Policies (Continued)

This hierarchy requires the Organization to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

At June 30, 2010, investments were reported at fair value and classified within Level 1 of the fair value hierarchy. If available, quoted market prices are used to value investments. If quoted prices in an active market are not available, the investments are reported at estimated fair value. Many factors are considered in arriving at fair value. For example, corporate bonds could be valued based on yields currently available on comparable securities of issuers with similar credit ratings.

In-Kind Support - Donated Property and Services

The Organization receives donated services which are recorded in the financial statements if the services received (a) create or enhance long-lived assets or (b) require specialized skills or training and would typically need to be purchased if not provided by donation. The amounts reflected in the financial statements as contributed services are offset by like amounts as cost of contributed services. The donated services are recorded at the prevailing wage of similar jobs in the area or at the standard fees of professional services. The contributed services are also used to meet matching requirements on some of the federal and state grants.

Donations of property and equipment of \$500 or greater are recorded as contributions at their estimated fair values at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all demand deposits with banks and certificates of deposit with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents held by the Trust are restricted for long-term investment and are shown as restricted cash in the accompanying financial statements.

Concentrations

Credit Risk:

The Organization maintains cash balances with Federal Deposit Insurance Corporation (FDIC) insured financial institutions. At times the balances may exceed federally insured limits. The FDIC insures interest-bearing transaction accounts and certificates of deposit up to \$250,000 at each financial institution with temporary unlimited insurance coverage for non-interest bearing transaction accounts. At June 30, 2010, the Organization had cash on deposit that exceeded the insured limit by \$27,880.

Women's Shelter Program, Inc. of San Luis Obispo County

Notes to Consolidated Financial Statements

June 30, 2010

Page 4

Note 1: Summary of Significant Accounting Policies (Continued)

Major Revenue Sources:

The Organization receives grant funding from several agencies, including the United States Department of Justice Office on Violence Against Women and United States Department of Justice passed through the California Emergency Management Agency (CalEMA). The funding from this agency accounted for approximately 61% of total grant revenues for the year ended June 30, 2010. The receivables from this agency accounted for 85% of total grants receivable at June 30, 2010.

Accounts and Grants Receivable

The Organization has not recorded an allowance for doubtful accounts since management believes that accounts and grants receivable are collectible. Any bad debts in the future would be charged off as incurred.

Investments

Investments are comprised of donated shares of publicly traded marketable securities and are recorded at quoted market prices which represent fair value. Investment income and net unrealized gains and losses are recorded in the statement of activities.

Fixed Assets

Fixed assets are shown at cost or fair value on the date of acquisition or contribution. The organization's policy is to capitalize fixed assets with a value of \$500 or more. Depreciation is recorded over their estimated useful lives using the straight-line depreciation method. Furniture, fixtures and equipment are depreciated over five to ten years, land improvements over fifteen years and facilities over twenty years.

Fixed assets purchased with federal and state grants are recorded as grant expenses. Since title of these fixed assets remains with the federal or state governments during the term of the grants, these assets are not recorded in the accompanying financial statements until title is transferred to the Organization and donated fixed assets are recorded.

Allocation of Joint Costs

The Organization conducts special events, that include requests for contributions, and prepares grant proposals. Joint costs of certain salaries and salary related expenses, rent, occupancy, office expenses, postage and other costs are allocated between fundraising, management and general, and program services as shown in the statement of functional expenses.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through September 30, 2010, which is the date the financial statements were available to be issued.

Note 2: Grants Receivable

Grants receivable were comprised of the following federal, state and local grants at June 30, 2010:

We have audited the consolidated financial statements of Women's Shelter Program, Inc. of San Luis Obispo County as of and for the year ended June 30, 2010, and have issued our report thereon dated September 30, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Women's Shelter Program, Inc. of San Luis Obispo County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Women's Shelter Program, Inc. of San Luis Obispo County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Women's Shelter Program, Inc. of San Luis Obispo County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is more than a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Women's Shelter Program, Inc. of San Luis Obispo County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of Women's Shelter Program, Inc. of San Luis Obispo County in a separate letter dated September 30, 2010.

This report is intended solely for the information and use of the management and Board of Directors of Women's Shelter Program, Inc. of San Luis Obispo County, federal awarding agencies, pass-through agencies and other grantors and is not intended to be and should not be used by anyone other than these specified parties.

Compliance

We have audited Women's Shelter Program, Inc. of San Luis Obispo County's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Women's Shelter Program, Inc. of San Luis Obispo County's major federal programs for the year ended June 30, 2010. Women's Shelter Program, Inc. of San Luis Obispo County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Women's Shelter Program, Inc. of San Luis Obispo County's management. Our responsibility is to express an opinion on Women's Shelter Program, Inc. of San Luis Obispo County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Women's Shelter Program, Inc. of San Luis Obispo County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Women's Shelter Program, Inc. of San Luis Obispo County's compliance with those requirements.

In our opinion, Women's Shelter Program, Inc. of San Luis Obispo County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of Women's Shelter Program, Inc. of San Luis Obispo County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Women's Shelter Program, Inc. of San Luis Obispo County's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Women's Shelter Program, Inc. of San Luis Obispo County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted certain other matters that we reported to management of Women's Shelter Program, Inc. of San Luis Obispo County in a separate letter dated September 30, 2010.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of Women's Shelter Program, Inc. of San Luis Obispo County as of and for the year ended June 30, 2010, and have issued our report thereon dated September 30, 2010. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.
